We have dedicated after-sales teams in Southeast Asia and Europe. Once the storage batteries arrive at your project site, you can follow our installation guide to complete the setup yourself.

Our diverse clientele benefits from these products across various sectors, such as electronic vehicles, robotics, solar panel installations, as well as household appliances.

Alicosolar Team focuses on the production and development of solar PV modules with a rich experience for more than 12 years. With the advanced automatic production lines, Alicosolar can provide a total ...

AZE's outdoor battery system is tailored for small to medium-sized commercial and industrial (C& I) energy storage applications. Its modular design not only minimizes the impact of local failures but ...

Highly Integrated, Flexible Configuration: VN-AES series features an all-in-one design, integrating battery modules, PCS, EMS, and intelligent control systems, with flexible configurations from 30kW ...

60kW/129kWh PV+Battery ESS All-in-one Cabinet Intelligent remote operation and maintenance, visualization platform for real-time monitoring, suitable for full-scene applications

Bonnen's High Voltage Solar Energy Storage System for Industrial & Commercial sectors is a culmination of years of meticulous research and development. Our cutting-edge technology ...

60KW+112KWh Battery Cabinet is a robust energy storage system designed for commercial and industrial-scale applications. Integrating 60KW of continuous power output with 112KWh of energy ...
