-----

Internally divided into equipment compartment and battery compartment, containing 16 clusters of batteries, 1 set of fire protection system, and 2 industrial air conditioners. Please contact us for the ...

Whether integrated with solar PV or operating independently, this commercial solar battery storage system ensures reliable backup power and peak shaving for businesses, industrial parks, and ...

Engineered for mining and farming, this air-cooling BESS integrates up to 1.5MWh LFP battery and max. 1MWp solar inputs for on/off-grid operation. Up sporting up to 4 units in off-grid mode.

Sunwoda ABCS (Air-cooling Battery Container System) is a feature-proof industrial battery system with forced air cooling shipped in a 20/40-foot container. The standard unit is prefabricated with modular ...

As a supplier leads the way in manufacturing air cooling battery pack, Elecnova air-cooled battery container aims to help our customers save cost on electricity.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

SolaraBox Mobile Solar Container brings green energy wherever you need it. The integrated solar system delivers 400-670 kWh of energy daily. Thanks to foldable solar arrays, the container is ...

Unbound Solar carries durable solar battery boxes and enclosures that are perfect for your off-grid or grid-tie with battery backup system. Browse today.
