This cabinet integrates advanced battery technology, energy management systems, and intelligent controls, achieving efficient energy storage in a compact device.

With a capacity of 60KWH and a power output of 30KW, it supports peak shaving, load shifting, and renewable energy integration. Its all-in-one design simplifies installation and operation, while ...

Designed for commercial, industrial, and microgrid applications, it integrates a 30kW PCS with a 60kWh LiFePO4 battery bank to provide safe, efficient, and reliable power storage.

Lithium iron battery, solar system, Solar inverter, PWM or MPPT controller, solar battery and PV combiner box. Experienced in complete solar system design and configuration from 300W to 250KW.

High-efficiency 30kw/60kWh air-cooled integrated energy storage cabinet for photovoltaic systems, featuring modular design and cloud monitoring.

This energy storage cabinet is a PV energy storage solution that combines high-voltage energy storage battery packs, a high-voltage control box, an energy storage PV inverter, BMS, cooling systems (an ...

High-efficiency energy storage, smart energy. Explore the innovation Product Center and open up a new future for green energy.

As ASEAN nations push toward 35% renewable energy by 2030, smart storage solutions will be the backbone of this transition. Whether you're upgrading existing infrastructure or building new capacity, ...
