Who does Bahamas solar work with?

Bahamas Solar works with a number of the leading solar manufacturers and distributors across the globe. Going solar has never been easier. Here at Bahama Solar we take care of your project from start to finish. Offering full turn key systems for all residential and commercial operations. Serving all the Bahamas, from Nassau to the out islands.

What is the Bahamas Grid Company?

The Bahamas Grid Company manages the poles, wires and substations that carry power across New Providence. Together with Bahamas Power and Light and the island's power generators, we ensure access to reliable, resilient, affordable and sustainable power to all Bahamian consumers and businesses.

How long does a Bahama solar installation take?

Bahama Solar installs: Solar installation is the fun part, our customers get to see the whole system come together. Installation timelines range from one to five days. Installation Steps Monitoring insures your solar panels are working properly by tracking the output of your solar system.

Discover exceptional solar solutions with Bahama Sun Solar. Our high-quality solar panels, inverters, and battery systems are engineered for optimal energy efficiency and significant savings on your ...

We provide all the products required to get you the energy you need at an affordable cost and with ease. From planning to installing to maintenance and consulting, from panels to batteries and accessories, ...

We were established in 2021 with a view of providing cost effective renewable energy solutions to the countries like The Bahamas, the Caribbean and surrounding regions.

From Nassau to the Family Islands, we supply premium solar panels, inverters, and batteries to installers across New Providence, Grand Bahama, Abaco, Eleuthera, and beyond.

We use the latest inverter technology and highest efficiency solar panels to give you the best return on investment possible and a system that will work for at least 25 years.

Island Solar will design your grid tied, battery-less system for you, install it and help you get connected and "selling back" your power efficiently and painlessly.
