Climatest Symor™; Temperature Humidity Chamber capacity ranges from 50L to 1000L, Temperature Range: 0°C to +100°C. Humidity range: max. 20% to 98% RH. We also provide customized chambers ...

Our climate controlled storage cabinets deliver stable temperature and humidity, so rubber, polymer, and composite materials age slower, inspections pass more often, and field crews stay ready.

With their highly efficient refrigeration system and outstanding thermal insulation, ESPEC's constant climate cabinets are ideal for use in laboratories and research facilities.

Shop high-quality constant temperature humidity cabinets for reliable storage. Perfect for electronics, cigars, and lab specimens. Precision and control.

Designed to meet the demanding requirements for precise humidity and stability, Advanced engineered design incorporates the latest in cabinet, refrigeration, temperature control and monitoring features.

The SIMN XHH Series represents the pinnacle of precision environmental control technology, combining advanced temperature regulation with intelligent humidity management in a compact cabinet design.

The six-model lineup includes 105- and 206-liter models available in four temperature (humidity) ranges and two sizes. All models support a single phase power...

Our Constant Climate Cabinet (Desk-top Temperature & Humidity Chamber), which supports temperature and humidity tests in laboratories and research rooms using a network.
