Whether you need a standard 18650 configuration or a fully customized lithium-ion solution, our team will create a reliable, high-performance battery pack designed to power your products safely and efficiently.

We manufacture custom lithium iron phosphate battery packs and assemblies for many applications. Our battery design team uses the latest mechanical and electronic design tools to optimize the reliability, ...

Whether you need compact designs, extended lifespans, or fast charging, we collaborate closely to create the perfect battery solution. Our expertise in lithium-ion, LiFePO₄, and sodium-ion chemistries ...

We specialise in designing and manufacturing custom battery packs for manufacturers with high-volume production. Please note that we are unable to provide quotations for one-off requests or for ...

NBS designs and manufactures Custom Lithium iron phosphate battery packs and chargers (LiFePo₄) that are safe, reliable and perform consistently.

Our plan is dedicated to presenting comprehensive, in-depth and carefully considered information to you and your team, enabling you to clearly understand every detail of the custom battery pack solution ...

Utilizing advanced mechanical and electronic design techniques, our skilled battery design team will optimize your custom lithium battery packs" reliability, manufacturability, and safety.

With over a decade of expertise, our engineering team leverages cutting-edge technology and exclusive patents to provide tailored LiFePO₄ battery packs that deliver reliable performance and industry ...
