[Aixu Corporation plans to invest in a 9.9 billion yuan solar cell project] On February 25, 2024, Aixu Corporation announced that it plans to invest 9.978 billion yuan in the construction of a 10GW high ...

Relevant information shows that Aixu shares will first launch N-type BC products in 2021. By the end of 2023, its N-type ABC module and battery chip production capacity will reach 25GW. Among the top ...

Aixu Co.will construct a 30GW high-efficiency crystalline silicon solar cell project and its supporting 30GW module project in Jinan; In 2023, China"s newly added photovoltaic installed capacity will ...

Aixu Co., Ltd. is undoubtedly at the forefront of the industry in terms of patented technology, and has obtained patents as a symbol of continuous technological innovation to lead the industrial upgrading ...

Aixu Solar Technology researches and develops emerging energy technologies, manufactures photovoltaic equipment and components, sells photovoltaic equipment and components, imports and ...

Zhejiang Aixu Solar Technology Co., Ltd., established on 2016-12-20, Business scope includes research and development,Production,Sales:Solar Silicon Cell;Import...

The main body of the project is Zhejiang Aixu Solar Energy Technology Co., Ltd., the holding company of Aixu. As of the date of issuance of this report (June 20), the project has been ...

Aixu photovoltaic MODEL: GP-PV-200M. The GP-PV-200M, a 200-watt Solar Panel from Go Power!, is a high-efficiency monocrystalline solar module that provides outstanding performance ...
