The Vertiv Liebert GXT5 Lithium-Ion UPS provides the ...

The Vertiv Liebert GXT5 Lithium-Ion UPS ensures that critical IT systems are always available such as servers and routers in offices, network closets and remote locations. This is ideal for small ...

Supporting battery backup enclosures are also available. These enclosures have field proven reliability and have been deployed widely throughout North America by all major operators for over ten years.

The Vertiv(TM) EnergyCore Li5 and Li7 battery systems deliver high-density, lithium-ion energy storage designed for modern data centers. Purpose-built for critical backup and AI compute loads, they ...

The Vertiv Liebert GXT5 Lithium-Ion UPS provides the highest level of power conditioning and power protection for critical IT systems in edge and distributed IT applications. Lithium-Ion batteries provide ...

This battery backup allows government personnel to safeguard data and protect expensive electronic systems when power outages and power disturbances occur. With TAA compliance, this UPS meets ...

This battery cabinet is specifically designed for use with the GXT5 1500VA and 2kVA UPS models. The cabinet follows standard 2U rack specifications, approximately 3.5 inches in height, fitting standard ...

Mpc22163-130 - Two-Phase Intelli-Module with Quiet Switchertm TechnologyMpc22166-130 - Two-Phase Intelli-Module with Quiet Switchertm TechnologyMpc22167 - 130A, Two-Phase, Intelli-Moduletm with Quiet Switchertm TechnologyThe MPC22166 is a non-isolated, step-down power module with 130A of continuous peak output current. This module integrates driver MOSFETs and an inductor in a compact package to save layout space and achieve a higher power density. It is scalable for many modules in parallel, up to 2kW+ of power. The 4mm maximum height makes it suitable for many ap...See more on monolithicpower Missing: Battery CabinetMust include: Battery Cabinet.sb_doct_txt{color:#4007a2;font-size:11px;line-height:21px;margin-right:3px;vertical-align:super}.b_dark .sb_doct_txt{color:#82c7ff}Vertiv[PDF]DC Power Overview - VertivSupporting battery backup enclosures are also available. These enclosures have field proven reliability and have been deployed widely throughout North America by all major operators for over ten years.
