What are IP65 enclosures used for?

IP65 enclosures can be used both indoors and outdoors. IP65 enclosures are commonly used in industry and factory machinery/equipment, heavy-duty construction, swimming and spa pools, bathrooms, transformers, and medical equipment. Other applications may be telecom cabinets or control boards, among other things.

Can ICS battery enclosures be custom designed?

ICS battery enclosures, cabinets, and battery racks can be manufactured as standard or custom designed to accommodate any battery string configuration.

Are KDM IP65 enclosures waterproof?

KDM IP65 enclosure has a rubber gasket around the inside of the lid which forms a dust and moisture-resistant seal, thus making the enclosure essentially waterproof. KDM produces a wide selection of different types of enclosures for electronics that met IP65 standards in various demands.

Are IP65 electrical enclosures safe during stormy weather?

Even the most sensitive of your electrical and electronic appliances will be safe during stormy weather. IP65 electrical enclosures offer immense versatility in resisting any-size debris, dirt, windblown dust, and low-pressure water jets.
