What are Haichen's core products?

Household energy storage batteries and commercial solar energy storage are our core products. In the past, Haichen has provided energy solutions to 70 countries and regions worldwide, meeting the energy needs of approximately 80000 households.

How many countries does Haichen provide energy solutions to?

In the past, Haichen has provided energy solutions to 70 countries and regions worldwide, meeting the energy needs of approximately 80000 households. Our lithium battery factory has certificates recognized by mainstream countries: CE?UL?UN38.3?Rohs?IEC62619?ISO14001?ISO9001.....

What makes Haichen unique?

In the past few decades, Haichen has continuously innovated and broken through in the field of new energy, bringing excellent product experiences to overseas customers. Haichen has 10 fully automated production lines, focusing on independent research and development and production.

Haichen is a leading global manufacturer of household energy storage batteries, C& I ESS, and battery energy storage systems with integrated solar inverters, located in Dongguan, China.

Haichen Energy Storage has always believed that true competitiveness is never a short-term game of chasing the wind, but a long-termism rooted in independent research and development.

As a new energy technology company focusing on the energy storage field, Haichen Energy Storage has been steadily advancing along the way, relying on innovative technologies and ...

On December 30, 2025, the 200MW/800MWh independent energy storage project in TianPishan, Chahar Right Front Banner, China Energy Conservation Corporation, completed three charging and ...

In the future, Haichen Energy Storage will continue to provide innovative integrated energy storage solutions to a wider range of users, and work with global partners to create a green ...

It will promote the digital transformation of key processes in new energy storage production and system integration, utilizing technologies like machine vision, ultrasound and infrared ...
