The Huijue Group Off-Grid Solution comprises three main components: photovoltaic systems, energy storage systems, and off-grid systems, enabling energy self-sufficiency.

Our energy storage cabinet systems provide efficient solutions for commercial and industrial (C& I) applications, including battery storage, outdoor cabinets and solar systems, ensuring reliable ...

Outdoor cabinet energy storage system is a compact and flexible ESS designed by Huanui based on the characteristics of small C& I loads. The system integrates core parts such as the battery units, PCS, ...

This outdoor energy storage cabinet integrates energy storage batteries, ...

Outdoor smart energy cabinet HJ-SG-R type: container machine room, large capacity, modular design, this series of products. It can integrate photovoltaic, wind clean energy, energy storage battery, ...

This energy storage cabinet is a PV energy storage solution that combines high-voltage energy storage battery packs, a high-voltage control box, an energy storage PV inverter, BMS, cooling systems (an ...

Product Features: Standardized structure design, menu-type function configuration, photovoltaic charging module, a parallel off-grid switching module, power frequency transformer, and other ...

Combines high-voltage lithium battery packs, BMS, fire protection, power distribution, and cooling into a single, modular outdoor cabinet. Uses LiFePO4 batteries with high thermal stability, extensive cycle ...
