Design, Manufacture, Supply, Installation, Testing, and Commissioning of Three Micro Grids Solar Photovoltaic (PV) and Modular Battery Energy Storage at Agalega Islands (Republic of Mauritius)

These cabinets are ideal for outdoor base stations in remote, mountainous, or desert regions, especially where grid power is absent, unstable, or costly. They are also used for border security, relay towers, ...

Combines high-voltage lithium battery packs, BMS, fire protection, power distribution, and cooling into a single, modular outdoor cabinet. Uses LiFePO4 batteries with high thermal stability, extensive cycle ...

Each system is custom-engineered for Mauritian conditions, combining cyclone-rated structures, high-efficiency panels, and intelligent hybrid inverters for reliable, long-term performance.

Our main products include low voltage and high voltage battery packs, on and off grid hybrid inverters for households, commercial and industrial applications. We also have the all-in-one hybrid generator ...

Our main products include low voltage and high voltage battery ...

IP54-rated outdoor cabinet that withstands extreme temperatures, dust, and moisture. Real-time load optimization, peak shaving, and grid interaction via a cloud-based EMS (Energy Management System).

Affordable on- and off-grid renewable energy with LIXI Lithium battery storage for your Mauritian home and business. Partner for Deye, Growatt and MPP Solar inverters.
