As a solar power owner for the past 6 years, I can confidently say that solar panels themselves are not a scam at all. However, I have seen some less-than-reputable solar companies out there engaging in ...

If your solar installation is not properly permitted, you may face fines, penalties, or even forced system removal. These legal battles can be time-consuming, costly, and highly stressful, making your solar ...

Scams are unfortunately common in the solar industry. Learn more about some of the most likely scams you may face when trying to go solar.

While you are browsing solar power companies, one of them may offer to install a solar panel or solar roof in your home for a small cost or even for free. It's an intentionally misleading...

If your solar installation is not properly permitted, you may face fines, penalties, ...

Here's how to dodge solar panel scams and identify red flags. Depending on your source, you'll find different definitions of what solar panel scams are. For this article, we'll focus on...

Remind prospective customers that while tax credits, rebates, and incentives might be available for solar purchasers who qualify, offers for "free" or "no cost" solar panels are scams.

I'm sure it is a company selling solar power solutions, but it is very misleading, making it sound like something affiliated with PG& E or the PUC when it is not and I could see many people...
