GSL ENERGY is a global leader in solar battery and energy storage system manufacturing, offering high-performance lithium battery solutions for both household and industrial applications in Israel.

Israeli Industrial Batteries delivers OEM traction, stationary, and lithium solutions for fleets, telecom, defense, and critical infrastructure across Israel.

Israel is entering a decisive phase in its clean energy transition, with Battery Energy Storage Systems (BESS) becoming a strategic priority for grid stability, renewable integration, and...

Global energy storage firm HiTHIUM has entered a strategic partnership with El-Mor Renewable Energy, a major Israeli EPC contractor. This collaboration signifies a key step in ...

HiTHIUM and El-Mor Renewable Energy form a strategic partnership to develop 1.5GWh of long-duration battery storage projects, enhancing grid stability and solar integration in Israel.

HiTHIUM partners with El-Mor for energy storage projects in Israel, expanding into the international long-duration market.

With robust research, production, sales, and service capabilities worldwide, HiTHIUM is the only energy storage-focused company to achieve GWh-scale global shipments of lithium-ion ESS...

Under the partnership, El-Mor will design and construct battery energy storage systems (BESS) and related infrastructure for multiple projects totaling 1.5GWh capacity and 300MW power ...
