-----

Enphase Energy has announced the launch of its fourth-generation Enphase Energy System, with an all-new, bigger battery called the IQ Battery 10C, made sufficiently in the USA to ...

The Enphase IQ Battery has emerged as one of the most innovative home energy storage solutions in 2025, combining cutting-edge microinverter technology with reliable lithium iron ...

The IQ Battery 10C is the core of the 4th-generation Enphase Energy System, offering 10 kWh of usable energy and delivers 7.08 kW of continuous power, capable of supporting heavy ...

This next-generation system stands out for its smaller footprint, enhanced features, easier installation, and unmatched reliability. Watch a video about the new Enphase system here.

The IQ Battery 10C is Enphase's latest 10.0 kWh home energy storage system, launched in 2025. Designed for AC-coupled systems, it pairs perfectly with Enphase microinverters, including ...

The Enphase IQ Battery 10 all-in-one AC-coupled storage system is reliable, smart, simple, and safe. It is comprised of three base IQ Battery 3 storage units, has a total usable energy capacity of 10.08 ...

The new system builds upon Enphase's existing IQ Battery platform, incorporating advancements in both hardware and software to deliver a more robust and user-friendly experience.

The Enphase IQ Battery 10C successfully addresses two major market pain points: battery size and availability. Its compact design, advanced cooling technology, superior 15-year ...
