What is a shipping container?

A shipping container is a standardized, durable steel unit used to transport goods seamlessly across multiple modes -- sea, rail, and road. In India, the most common container types are 20-foot and 40-foot units, designed to suit different cargo requirements and trade volumes.

How much does A Costo container cost?

Just \$896 gets you a cargo-worthy 20-footer in the same area. The price of a 40ft Costo container ranges from \$1,288 in Nhava Sheva to \$1,507 in Mundra. Compared to brand-new containers, the cost difference is substantial, yet these used ones will also carry your items securely.

How much does a 20 ft container cost?

A new 20-foot container at Nhava Sheva (Mumbai) can set you back about \$2,118 if you want the highest quality. Used containers, on the other hand, are a great option for those hoping to save costs. Just \$896 gets you a cargo-worthy 20-footer in the same area. The price of a 40ft Costo container ranges from \$1,288 in Nhava Sheva to \$1,507 in Mundra.

Where can I buy a container?

You can purchase containers directly from container depots, port-side suppliers, or verified online platforms such as EximTrader, TradeIndia, and Container xChange. Always ensure the seller provides a valid CSC certificate (for cargo-worthy containers) and includes inspection details.
