We specialize in designing, installing, and maintaining solar grid systems that work in urban, rural, and off-grid environments--delivering long-term value and energy independence.

In a new paper, we explore why PNG's grid has struggled to expand, what role decentralised solar could play and how other countries have overcome similar challenges.

PNG Solar Supply, Port Moresby. 1,464 likes &#183; 12 talking about this. PNG Solar Supply provides end-to-end solutions for both off-grid and on-grid green...

Power your home, business, or off-grid solar system with high-performance LiFePO4 batteries designed for reliability, safety, and long life -- even in tough Papua New Guinea environments.

Since 2013, we've expanded from distributing 12V solar home systems to micro-grid off-grid solutions that are suitable for our remote communities.

PNG Power has worked with the Mineral Resources Authority (MRA) to install a 150kW rooftop solar PV system at the MRA office in Mining Haus, Konedobu, Port Moresby.

Two houses and two classrooms are now all running off-grid with a combined installed capacity of 36kW solar and 77kWh batteries. One-on-one training was conducted by IWE (I Want ...
