By investing in PUTAI's advanced roll forming machine, manufacturers are well-positioned to meet the rising demand for durable, compliant, and cost-effective solar panel mounting ...

Hebei Hekang Metal Products Co., Ltd. is a domestic manufacturing enterprise specializing in the production and wholesale of earthquake resistant brackets, photovoltaic brackets, punched C ...

Operators can easily input production parameters (length, quantity, hole patterns), and the machine runs with minimal supervision, ensuring high repeatability and reduced labor costs.

It features a robust, high-precision design suitable for photovoltaic applications, earthquake-resistant systems, and heavy-duty structural uses. It is commonly used in solar panel installations and other ...

More importantly, they can effectively resist the longitudinal and transverse waves generated by earthquakes, prevent bracket distortion and deformation, and thus protect photovoltaic modules from ...

Warranty period: The whole machine is guaranteed for one year free of charge. If the buyer's staff causes damage due to misuse or improper maintenance, the seller will charge for repairs; there is no ...

Designed to withstand various environmental conditions, the pv brackets machine is engineered to offer durability, flexibility, and ease of installation, making it a crucial component in the deployment of solar ...

We are a physical factory specializing in the production of photovoltaic brackets, earthquake-resistant brackets, cable brackets, and punched C-shaped steel....
