-----

It is water proof at IP67 and can be installed of capacity flexibility design, allowing 5 of 5kWh systems to be connected when combined with a Solis inverter. It incorporates Comparison rate ...

The PureStorage II battery is a Hi-Rate 5Kwh LiFePo4 battery which will maximise your solar energy and carbon savings. Pure Storage can increase your utilisation of your generated power from 30% ...

It incorporates a modular design, allowing 5 of 5kWh batteries to be connected together, providing a high level of capacity flexibility from 5kWh to 25kWh. It is water proof at IP65 and can be installed ...

PureStorage II Battery 5kWh uses the safest and highest performing lithium-iron-phosphate battery cells, with 1C operation, 10,000 cycles and a high charge and discharge rate capability. It is compatible ...

Key Battery Features 10,000 Cycle Life 1C/1C charge and discharge Plug-and-play (all cables included) A Master/slave autoselect

The PureStorage II Battery is a 5kWh battery module from Puredrive Energy. It uses the safest and highest performing lithium-iron-phosphate battery cells, with 1C operation, 10,000 cycles and a high ...

Puredrive's PureStorage II DC 5kWh battery utilises reliable and high performing lithium-ion-phosphate battery cells and is designed to work with leading inverters from Solis, Victron and Imeon. The ...

Its LiFePo4 50V 200Ah battery technology ensures longevity with an impressive ...
