What are solarcool® glasses?

Combined in a one-inch insulating glass unit (IGU) with clear glass, Solarcool® glasses offer an expansive palette of appearance and performance options with solar heat gain coefficients (SHGCs) ranging from 0.34 to 0.14 and exterior reflectance of up to 37 percent.

Can I use solarcool® glasses with vitro architectural glass?

Combine Solarcool® glasses with Vitro Architectural Glass (formerly PPG Glass) tinted glasses, such as Solargray®, Solarbronze®, Solarblue®, Azuria® or Pacifica®, to produce an even greater range of aesthetic options. Colors are reproductions and are for descriptive purposes only.

What is mitrex solar glass?

Let the light in with Mitrex Solar Glass -- a powerhouse in disguise, where photovoltaics meet limitless design, where color meets clarity. You're not just choosing glass; you're choosing a future where sustainability is clear as day. Where photovoltaics meet limitless design, where color meets clarity.

Can solarcool® glasses be glazed?

Solarcool® glasses can be glazed with the reflective coating positioned on either the first or second surface. The glass has improved performance and higher exterior visible-reflectivity with a metallic sheen when installed with the coating on the first surface.

Need more sunshine? Get it here! The Solar Base tileset (derived from the Lunar Base) could help you design the surface of a dying star or a underground world searching for the light!

On a clear-over-clear double-glazed configuration, it delivers an optimum ratio of 62% visible light transmission with a solar heat gain coefficient of 0.26. This combo along with its neutral aesthetic ...

If you've been searching for a tileset that mixes scifi with fantasy and focuses on a world that can't rely on a normal sun, check out the KR Solar Base Tileset!

Find game assets tagged RPG Maker and solar like KR Solar Base Tileset for RPGs on itch.io, the indie game hosting marketplace. Games made with ASCII/Enterbrain/Kadokawa Games" RPG Maker ...

Let the light in with Mitrex Solar Glass -- a powerhouse in disguise, where photovoltaics meet limitless design, where color meets clarity. You're not just choosing glass; you're choosing a future where ...

The Solar Base tileset (derived from the Lunar Base) could help you design the surface of a dying star or a underground world searching for the light! Note: Because this is derived from the Lunar Base, it ...

QUANTUM is a China-based global supplier of PVB, PDLC, TPU, EVA and other functional plastic thin films. It also distributes ultra-clear patterned solar glass as well as solar PV modules globally.

With its warm and inviting Solar Blue color, this glass adds a touch of elegance to any architectural design. The reflective coating helps to manage solar heat gain and reduce glare, improving energy ...
