What is R6 series inverter?

Safer, smarter, and more efficient. R6 series is a three-phased grid-connected inverter for residential & commercial rooftop installations. The power output ranges from 3~50kW with 2/3/4 MPPT.

What is a saj R6 solar inverter?

Built with advanced protection and smart monitoring features, the SAJ R6 on-grid inverter delivers reliable operation across residential and small commercial solar installations. As part of SAJ's advanced on-grid solar inverter range, it ensures maximum energy yield, enhanced safety, and long-term stability under diverse environmental conditions.

What is the power output of R6 series?

The power output ranges from 3~50kW with 2/3/4 MPPT. R6 series adapts a new industrial aesthetic design, with a LED broad inside the light ring to highlight key information. 16A DC input current and AFCI function (optional) make R6 series a competitive product in the market.

What is Saj R5 solar inverter?

SAJ R5 solar inverter delivers high-yield, quiet, and reliable solar energy conversion with advanced features like lightning protection, remote monitoring, and intelligent grid interaction, all accessible through a user-friendly App.

The SAJ R6 on-grid inverter offers 5-50kW output, up to 98.8% efficiency, built-in AC & DC surge protection, and optional AFCI for safe, reliable, high-yield solar systems.

Equipped with 2 MPPT and 2 string inputs, the R6-12K-T2 inverter is capable of handling a wide range of solar panel configurations, enabling optimized power generation no matter the condition.

View and Download SAJ R6 Series user manual online. ROOFTOP SOLAR INVERTER. R6 Series inverter pdf manual download. Also for: R6-3k-t2-aus, R6-4k-t2-aus, R6-5k-t2-aus, R6-6k-t2-aus, R6 ...

R6 series is a three-phased grid-connected inverter for residential & commercial rooftop installations. The power output ranges from 3~50kW with 2/3/4 MPPT.

Discover the high-efficiency R6 series on-grid inverter, featuring advanced safety, robust operation, and support for high-power PV modules.

## Solar inverter R6

Source: <https://www.esafet.co.za/Tue-23-Feb-2021-16278.html>

The SAJ R6-25K/30K/33K/36K-T3-32 is a high-capacity solar inverter for mid-to-large residential and commercial projects. This three-phase, triple MPPT inverter offers power ratings from 25000W to ...

R6 series is the SAJ's middle to high output platform on on-grid solar inverter, with good efficiency, AFCI optional, 110% AC overload and stable remote control connection.

Browse SAJ residential on-grid solar inverters, including R5 and R6 series. High efficiency, hybrid options, and competitive pricing for home solar systems.
