What is a Type 4 telecom power outdoor cabinet?

The Type 4 telecom power outdoor cabinet is new platform generation designed to fit customer needs, configuration flexibility and supports variety of applications. The cabinet is well suited for power, batteries and telecom equipment.

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

How reliable is the Outdoor Type 4 power cabinet?

Reliability within the outdoor plant depends upon a cool, dry and secure environment for the electronics such as the DC power and Telecom equipment. The Outdoor Type 4 Power Cabinet more than accomplishes this with its Thermal Management that will keep sensitive electronics functioning in the most extreme environments.

What is the IP55 specification for outdoor telecoms street enclosures?

We manufacture our outdoor telecoms street enclosures to IP55 specification using galvanised steel. Compliance with IP (Ingress Protection) ratings and NEMA (National Electrical Manufacturers Association) standards certifies their ability to withstand environmental conditions and protect sensitive equipment.
