Cooperation agreements with Xinyi Glass Signed a cooperation agreement for the float glass production line and photovoltaic power generation and wind power projects in Qilin District. The ...

The project is located in Fanchang County, Wuhu City, Anhui Province, with a total investment of about 600 million yuan, an installed capacity of 60MW, a comprehensive solar power generation hour of ...

Xinyi Solar Holdings Limited is one of the world's leading photovoltaic glass manufacturers and specialises in research and development, manufacturing, sales and after-sales services of ...

Xinyi Solar-Anhui Solar PV Park is a ground-mounted solar project which is spread over an area of 2,330,000 square meters. The project generates 173,350MWh electricity and supplies enough clean ...

The total investment of the project is about 620 million yuan, with an installed capacity of 70MW and an annual power generation of 93.25million kWh, which could save 28,000 tonnes of standard coal ...

This project not only bridges the energy gap in their production process but also delivers dual benefits: reducing operational costs and minimizing carbon emissions.

In March 2012, Xinyi Glass invested in the construction of photovoltaic power station projects, and the 10MWp centralized contiguous photovoltaic power generation demonstration project of ...

Xinyi Solar is focused on the making of solar glass, but has also expanded into the downstream solar power generation segment with 580 MW currently under development and ...
